- Fitness / exercise enthusiasts
- Sauna and spa concepts
- Private homes
- Workplaces / Occupational health
- Health clinics

*"The best cold
recovery for athletes"*

Henri Kontinen
Tennis professional

www.avantopool.com

Why is cold good for you?

Cold is scientifically proven to be good for the body and mind. It improves the well-being in several ways:

- Speeds up recovery
- Alleviates pain
- Relieves inflammations
- Improves stamina and resistance
- Activates brown fat
- Falling asleep is easier and the quality of sleep is better
- You will enjoy increased energy levels
- Makes you feel good

Avantopool ice baths are suitable for most healthy persons who like to enjoy increased alertness, energy and resistance – less stress and pain.

Avantopool Kinos

Kinos is a transportable pool for cold water therapy and professional level cold recovery – always ready for use.

- Continual water filtration and ozone disinfection ensure always clean water free of bacteria and viruses
- Wide temperature range, between +4°C to +38°C – suitable also for heat treatment
- Compact size - easy to transport and install almost anywhere
- Easy to use and maintain
- Controlled and safe immersion process
- No need for plumbing installation
- Avantopool Kinos - cold recovery and cold water therapy in clean water for gyms, sports teams, workplaces or even at your home

Capacity 320 l

Avantopool Hanki

Hanki is a portable, easy-to-use cold recovery and cold water therapy pool with an external cooling & heating unit.

It is easy to place almost anywhere and doesn't require any special care other than regular water change.

The pool easily fits up to 3 persons standing or 1-2 people for a full body immersion (depending on the size of the persons).

- Portable and easy to use, move and maintain
- Compact size but still spacious
- Usually combined with external Cooling & Heating Unit and filtering package

Quick connectors

Avantopool Kide

Kide is an inflatable, compact pool designed for professional and home use. Kide pool can be used almost anywhere and it travels easily in a carry bag. The pool fits up to two persons but is most comfortable for single person use.

Kide is made of durable fiberglass reinforced, skin-friendly PVC and is easy to keep clean. Together with the Avantopool heating & cooling unit you can enjoy professional level cold baths or relax in warm water.

To get the most out of your Kide pool, we recommend using it together with Avantopool Cooling & Heating Unit and external filtration system.

External
Cooling &
Heating Unit
