

## Hanki pool

Hanki pool can be used as stand-alone cold-water pool without an external cooling unit. Just fill with cold water or use ice cubes to cool down the water. Inlet and outlet are sealed with brass plugs.

The Hanki pool has been designed with a focus on its easy mobility. The step is easily attached to the end of the pool. Hanki is compact yet slightly more spacious than our Kinos pool. Hanki can easily fit three people standing, and one person can fully submerge in various positions.

The Hanki pool is insulated and energy-efficient, especially when the optional insulated cover is used.

### HS Code

39229000

Product name	Product code	EAN	Export carton meas.
Avantopool Hanki	APH001	6429810465092	122 x 82 x 123 cm, 70 kg

### Technical details

Dimensions, pool	Length 120 cm (145 cm with step), width 79 cm, height 100 cm
Dimensions step	Length 44 cm, width 47 cm, height 45 cm
Material	Polyethylene plastic, 2-layer polyurethane insulation
Color	Black granite
Capacity	Full 450 l / in normal operation 350 – 380 l
Weight when empty	Pool 39 kg, step 9 kg
Weight when filled	400 – 450 kg
Pipe connections	Camlock quick connectors
Warranty	3 years
