

Avantopool Kinos Plus

Kinos Plus is a portable pool designed for cold and warm water therapy, as well as professional-level cold recovery, always ready for use. It is 20 cm longer than the Kinos pool, providing full-body immersion for taller users. Made of gel-coated fiberglass in a single molded construction, it features modular stairs and railings that can be installed on the sides or at the end of the pool.

An insulated lid is included, and the pool's filtration system with continuous UV purification ensures clean water. The standard colors of the pool are black and white.

Recommended accessories Ref.

Filter 5 pack	KSU05P
Filter 18 pack	KSU18P
Kinos Care package	KHU001

Available in 2 basic colors: white, black

HS Code

85161080
